Held for the first time in the West, this conference brings together the profound scientific knowledge and diverse experiences that are available worldwide when it comes to the power of self-awakening and personal development.

The platform provides access to the greatest teachers and their extensive knowledge and experience, for anyone interested in Zhineng Qigong Science, regardless of their practice level or previous exposure to Zhineng Qigong or other Qigong forms.

This conference is inclusive and the goal is to show the diversity of Zhineng Qigong Science. The topics and the program have been put together by some of the leading teachers in this field to ensure that the platform enables the introduction of the diversity of Zhineng Qigong Science, not only to its community, but also to the interested public. Heart to heart and mind to mind, the conference content is suitable for anyone.

- The Zhineng Qigong Science conference is open to all Zhineng Qigong and Qigong enthusiasts – beginners and advanced students alike – as well as to people who work as Trainers, Coaches, Natural Practitioners, Doctors, Teachers, Scientists or Therapists.

Registration, Accommodation and Travel Arrangements...

Science Holistic Health Retreat

1 - 5 September 2021

For the first time and unique in the world:

Five Zhineng Qigong Masters from China join forces: „Zhineng Qigong Science Holistic Health Retreat - The Power of Self-Healing“

Each of the five Masters will share from their perspective the best approaches, theories and practices for self-healing. All ideas and methods can be integrated in one's own practice at home.

Following the conference, this Holistic Health Retreat will be offered at the same venue from 2 - 6 September 2020.

For more information on the retreat, please visit **www.zhineng-qigong-conference.com**
